ABOUT US

SkinMajesty® is an **innovative, science-driven** skincare line designed for advanced skin care. Its exclusive formulations combine the best of **modern dermatological science**, cosmetics, and technology.

Discover unique formulations featuring HP-retinoate, an exclusive **LMS system** for barrier repair, concentrated vitamins, and potent plant extracts.

SkinMajesty® is expertly formulated by **Dr. Voss** and his renowned research team, and is the result of over three years of meticulous development led by **Natasa Godler**—an aesthetic expert at **Natashaspace Mediesthetic**, specializing in dermadiagnostics and advanced facial treatments, with more than 30 years of experience in skincare.

The project was developed in close collaboration with **Dr. Voss**, one of the world's most renowned authorities in photoaging, inflammaging and skin regeneration, bringing over 45 years of scientific expertise — supported by a team of renowned researchers.

Proudly made in Germany, SkinMajesty® reflects the **highest standards of scientific innovation and product safety**.

The SkinMajesty® line includes Serums, Masks, Creams, Tonic, Cleansers, Beauty Gadgets, Food Supplements, and Fashion Accessories. A number of products contain **LMS – Lipid Matrix System**, a modern innovation that mimics the intercellular lipids of the skin's upper layer. **Skin-identical LMS ingredients are rapidly absorbed**, restoring the skin's natural defense mechanisms and enhancing barrier function.

We use only the highest quality ingredients available on the market, carefully selected for their efficacy and purity. Our formulations feature **high concentrations of active ingredients**, designed to deliver real, visible results.

Key ingredients within the SkinMajesty® skincare line include: QUATTROX COMPLEX, MATRIXYL®, PROGELINE™, LIFTONIN EXPERT, HDBM, Astaxanthin, Copper Peptides, Troxerutin, Vitamin C (Ascorbyl Glucoside), Niacinamide (Vitamin B3), Vitamin B12, Madecassoside (Centella Asiatica extract), Edelweiss Extract, Squalane, Ceramides, Hyaluronic Acid (HA Complex), Aloe Vera (Aloe Barbadensis), Witch Hazel (Hamamelis), Panthenol (Pro-Vitamin B5), Allantoin, etc.

A B O U T U S

We're proud that multiple products from the SkinMajesty skincare line have received the highest "Excellent" rating from Dermatest, one of Europe's leading independent dermatological testing institutes.

This recognition reinforces our commitment to high-performance, science-backed skincare that delivers real results.

The Dermatest® Guarantee is a certification awarded by Dermatest GmbH, an independent dermatological research institute based in Germany. A number of SkinMajesty® products had received Dermatest® Seal with the Excellent rating (highest), that demonstrate high dermatological safety and efficacy, providing consumers with confidence in their skincare and cosmetic choices.
